Limited number of entries!

For BAMM 2010 we are forced to limit the number of entries to a maximum of 150 teams.

This is because of the special demands that this year's theme "From Fjord to Fell" place on us for transporting everyone to the start.

In addition we wish to retain the event's friendly character.

20 teams have already entered, so first in, first served...

Don't forget the discount for recruiting other teams!

Just like last year we offer a 25% discount on the entry fee to those teams that recruit new teams both members of which have not participated in the last three BAMMs (ie from 2007).

Maybe a good Xmas present 

The entry fee goes up on 31/12. Time to enter!

The entry fee for BAMM goes up according to the following schedule. The fee is per team. The entry fee is determined by when payment is made, not when you put your entry in.

Paid by	Fee	(Fees in Swedish kronor, SEK)
2009-12-31	1100 kr	(2010-01-01 the fee goes up to 1300 kr)
2010-04-30	1300 kr	(2010-05-01 the fee goes up to 1500 kr)
2010-07-31	1500 kr	(2010-08-01 the fee goes up to 1700 kr)
2010-08-16	1700 kr	

Previous merits required for BAMM 70, the event's "elite class"!

To avoid too long times and too large a spread in the results the organising committee will determine if a team can enter BAMM 70 or if it should be moved down to BAMM 50.

List your experience from similar events (preferably with placing and mins/km) on the entry form under BAKGRUND (Background).

We still have some T-shirts from 2009 left for only 150 kr incl. p&p (rec. retail price 300 kr). Contact IFK for information about sizes ifk.kiruna@telia.com
