

## NEWSLETTER 2

It's getting closer... 30 days left!

### Big interest for BAMM Limited number of entries!

For BAMM 2010 we are forced to limit the number of entries. This is because of the special demands that this year's theme "From Fjord to Fell" place on us for transporting everyone to the start. In addition we wish to retain the event's friendly character.

### Recruiting discount!

Just like last year we offer a 25% discount on the entry fee to those teams that recruit new teams both members of which have not participated in the last three BAMMs (ie from 2007).

### Entry queue

Today we have a queue of about 20 teams that have payed registration fee and want to participate.

Please tell us if you are a registered team but know you wont be able to participate. Then we can give waiting teams a place in the event.

### Tee 2010

This year we offer a BAMM t-shirt from Haglöfs B-Tee

### Previous merits required for BAMM 70, the event's "elite class"!

Teams registered in BAMM 70 are confirmed for start. We request these teams consider their capacity. BAMM 70 is demanding and it is possible to switch to BAMM 50 at the latest the day before the start at the registration.

### BAMM 30 and the Fjord

To follow the rules for BAMM 30 and not exceed 2 x 15 km and at the same time have a common overnight camp for all classes, we are forced to set the course so that BAMM 30 won't wet their feet's in a Norwegian fjord. You will see the inner parts of the Norwegian Sea from a safe altitude above sea level.

### Versatile lightweight tee with a cotton like touch for all round summer use

- Flatlock seams throughout for maximum comfort
- Offset shoulder & side seams for reduced chafing
- Printed detail
- Odour resistant through Polygiene® technology

The t-shirt is available in black and Meso blue.

Unfortunately we only have 250 t-shirts that we sell in the competition office during competition days.
